Manual HT Series

Premium Quality Manual Pull-Down Projector Screen

User's Guide

*Thank you for choosing the **Manual HT** projection screen! Please read through this user guide before utilizing the screen. Correct usage and maintenance will ensure a long product life.*

Care & Use Instructions

◆ Dust, dirt and scratches on the projection surface will affect the picture quality, please take note of the points below to prevent that from occurring:
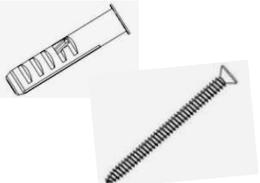

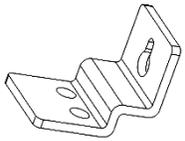

1. Do not touch the projection surface with your hands
2. Do not write or draw on the projection surface
3. Do not use fingers or sharp objects to point on the projection surface; this will damage the screen material.
4. Use a soft-damp cloth to clean the projection surface; do not use chemical cleaning agents or alcohol.
5. Use clean water when dampening the cleaning cloth and do not rub against the material to clean it.

◆To avoid damage and injury, the screen should only be operated by adults.

Pre-installation

1. Carefully unpack the screen.
2. Always handle the screen in a leveled position on a clean surface.

Pull bottom of case first away from wall/ceiling

Screen Operation

1. Pull the screen down from the lanyard or from the handle only in a 90-degree angle. To achieve this, make sure to pull straight down and allowing the screen to come up to lock into place. **Do not attempt to pull the screen down by the surface or touch the screen, as it will damage the screen and void the   warranty**.

2. To retract the screen, simply pull the screen down more than 2 inches and retract the screen back releasing it up gently. The screen is equipped with a **SLOW RETRACT MECHANISM** which allows the screen to slowly retract without the need to hold on to the handle or lanyard. Simply release the handle and the screen will retract by itself into the housing.

5cm

Attention: If the screen does not unlock, carefully pull the screen straight down with a little force. Always pull the screen down at a 90-degree angle.
